Dear Mr. Hedberg:

Mr. Stephen DeLong has submitted the enclosed amendment to his Notice. This is a re-routing of his access road for easier hauling. Our file number for this operation is UTU-70057, and the UDOGM number is E/053/039. Mr. DeLong is also talking about setting up a millsite and hauling ore, so this may become a Small Mine operation in the near future.

Copies of the acceptance letters for Kiewit Minerals Group (E/053/044) and Energy Fuels Exploration (S/053/039) are also enclosed.

We received your letter to Mr. Jack Doyle concerning his annual report (S/053/037). He has not informed us of any change in ownership or operation status, and does have approximately 0.5 acre of disturbance which needs to be reshaped and revegetated. There is also a Caterpillar tracked loader on site. We have also issued him a Notice of Noncompliance for apparently dumping two lead acid batteries on the site.

If you have any questions concerning these cases, please contact Larry Gore at this office.

Sincerely,

*Debbie J. Pietrzak*
